

BIOSTIMULANT

MAGIC POWER PLUS

[Humic Acid 51 % (Granular)] Humic Acid And Fulvic Acid and their Derivatives

Benefits of Magic Power:

- When applied with fertilizers, humic, fulvic, and ulmic acids can enhance nutrient uptake by plants, improving fertilizer efficiency and reducing nutrient leaching.
- Humic substances can help plants cope with environmental stressors such as drought, salinity, and temperature extremes.
- Fulvic acids act as natural growth promoters and stimulate beneficial microbial activity in the soil.
- Fulvic acids are often applied as foliar sprays to enhance nutrient absorption and improve plant health.
